THINK TO BUILD

Organized and Managed by the Student Affairs Technical Club
OFFICIAL EVENT RULES & WORKFLOW

EVENT OBJECTIVE

Think to Build is designed to challenge students to bridge the gap between abstract ideation and functional software engineering. Over a two-day timeline, teams will pitch innovative concepts and translate them into ready-to-use software ecosystems, demonstrating technical precision, execution quality, and real-world problem-solving capabilities.

EVENT MODE: Offline Event | **VENUE:** CS Seminar Hall

ROUND 1: IDEA SUBMISSION, PRESENTATION & EVALUATION

- **Objective:** To evaluate participants' creativity, innovation, and fundamental problem-solving architecture through initial pitch submissions.
- **Date:** Day 1 – Friday, 12th June 2026
- **Event Starts:** 12:30 PM
- **Expected Conclusion:** 4:30 PM – 5:00 PM
- **Participation:** Open to all registered teams. Team participation is mandatory.

Submission & Presentation Instructions

- Teams must prepare a structured 4-slide PPT presentation to clearly explain their foundational idea.

- Required PPT Structure: 1. Problem Statement | 2. Proposed Solution | 3. Features / Working Idea | 4. Expected Outcome & Impact
- Only one official submission per team is permitted.

Rules & Restrictions

- Plagiarism is strictly prohibited. Plagiarized architectural concepts will face immediate disqualification.
- Late slide-deck updates or visual adjustments after the start time will not be evaluated.

Evaluation Criteria

Criteria	Weightage
Innovation & Creativity	35%
Problem Understanding	25%
Feasibility	20%
Presentation of Idea	20%

 **Qualification:** Top 25 teams will qualify for the Round 2 building phase.

ROUND 2: PLUGIN / EXTENSION DEVELOPMENT & PROTOTYPE PRESENTATION

- **Objective:** To evaluate production-level development skills, implementation hygiene, creativity, and live execution capabilities.
- **Date:** Day 2 – Saturday, 13th June 2026
- **Round Starts:** 10:30 AM onwards
- **Participation:** Exclusive to the top 25 selected teams from Round 1.

Round Description & Production Instructions

✗ PPT is NOT required in this round. Teams must directly demonstrate and explain their prototype/plugin/extension.

- Selected teams must demonstrate a functional prototype, plugin, extension, or library built directly around their approved concept.
- Teams must show source code repositories, code execution steps, and live architectural workflows to the panel during evaluation.
- **Presentation Time:** Each team will be given exactly 8–10 minutes for live prototype demonstration, technical walkthrough, and Q&A.

Rules & Restrictions

- Use of copied, pre-existing, or fully ready-made external target plugins/libraries as core deliverables is strictly prohibited.
- Teams must display comprehensive ownership and knowledge of their self-implemented source codebase.
- Any clear presentation malpractice or plagiarism will result in immediate disqualification.

Evaluation Criteria

Criteria	Weightage
Problem Solving	25%
Prototype Quality	25%
Creativity & Innovation	20%
Implementation	20%
Presentation	10%

PRIZES

-  1st Prize – Official Rank Certificate + ₹2,000
-  2nd Prize – Official Rank Certificate + ₹1,000

FINAL NOTE

- Follow all tournament rules strictly; structural or behavioral violations will lead to immediate event disqualification.
- The panel judges' scoring and ultimate decisions will be completely final and binding.
- All valid participating team members will receive an official digital E-Certificate.
- Teams are strongly requested to double-check their registration profiles and team details prior to line up.
